Greatest Rose Buy in Years!

SAVE on these genuine
HENRY FIELD
EVERBLOOMING

ROSES

Now You Can Have A
Beautiful Rose Garden
At A BIG SAVING!

Frankly, we have a surplus of No. 2 Grade rose plants because, when we dig our rose plants to sell, most of them go into our Big No. 1 Select Grade, or the medium size No. 1½ Grade, which we list in our catalog. But that leaves the smaller No. 2 plants out.

Our solution to this problem for several years has been to make this reduced price offer on these surplus No. 2's. The offer has proved so popular, and we have received many letters from our customers praising these roses, that we are repeating the offer again this year.

These No. 2's are of the same high quality varieties as the No. 1's. If they were only a little larger, they would be worth \$1.00 to \$1.25 apiece. They are healthy, husky and clean—no culls or damaged plants. They bloomed in our fields last year, and will bloom for you this year and, with a little care, will grow just as big and

(No climbers included in this collection.)

at these extremely
LOW PRICES:

(ALL DIFFERENT) 3 for only \$1.98 PPD.
OR
(ALL DIFFERENT) 6 for only \$3.65 PPD.
No. A2267XL

ALL 2-YEAR-OLD FIELD-GROWN
PLANTS GUARANTEED TO
BLOOM THIS YEAR

just as beautiful as any rose you can buy at any price.

These are our regular, well-known named varieties, but we ask that you allow us to ship by color, not name. This will allow us to sell all of them. We will see that you get a good color assortment. And of course every plant is covered by Henry Field's money-back guarantee.

This is a fine opportunity for you to pick up a real bargain not offered in our big catalog. So order these rose plants now.

(No climbers included in this collection.)

Grow these TROPICAL FRUITS as
HOUSE PLANTS

Fragrant Blossoms . . . Edible Fruit
Easy to Grow in Pots

These three dwarf tropical fruits make novel, interesting, evergreen house plants—they grow, blossom, and bear fruit in any sunny window. Plant them in the garden outdoors in summer if you wish. As easy to grow as a geranium.

N1131L—DWARF LEMON PLANT. Gets 2' high and lives for years. Fruits same flavor as ordinary lemons, but larger. Blossoms fragrant as orange blossoms, which they resemble.

N1140L—DWARF ORANGE (Otaheite orange). These are the miniature oranges displayed in hampers of fancy fruit at Christmas time. Fruit colors in October and remains in perfect condition on plant practically all winter.

N1143L—DWARF KUMQUAT (Hindsi kumquat). Has shiny, dark green leaves, sweet-scented white flowers, and bright orange-yellow kumquats about 1" in diameter. Almost always in flower and fruit.

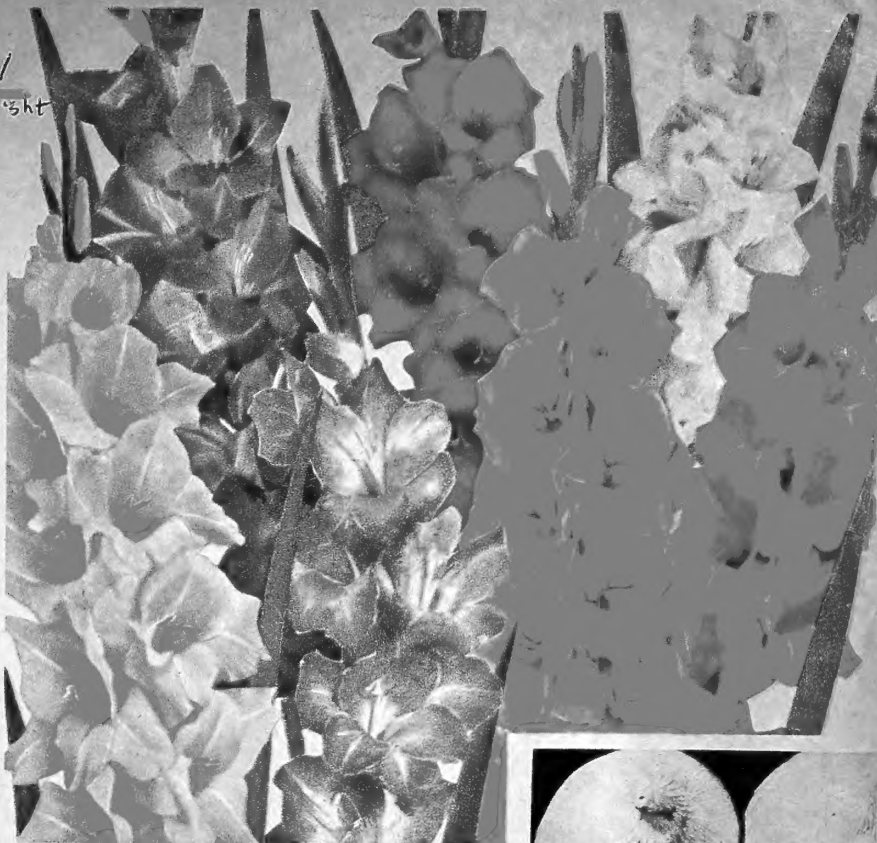

YOUR CHOICE of LEMON,
ORANGE or KUMQUAT

3 GREAT BUYS IN
GLADS

Big Bulbs—Guaranteed to Bloom
Beautifully the First Year

25 SUPER GLADS for only \$1.00 PPD.
No. BG580XL

Or 75 for only \$2.00 PPD.

Every color of the rainbow—red, pink, white, lavender, blue, orange . . . plus smokies and combinations. Some are one color solid, and some are blotched. And every bulb is clean, vigorous, and of first class quality. They have been State Inspected, too.

These are all named varieties of choice gladiolus of plain and ruffled petals. Enjoy the glorious beauty of glads in your garden,

Above is an actual photograph of the Gladiolus bulbs offered at 25 for \$1.00. Please notice that the bulbs measure 1" to 1½" across (about 4" in circumference). These bulbs will bloom the first year, and for many years thereafter.

and in your home. Remember, they are one of the very best cut flowers, they are easy to arrange, and the flowers last a long time. Plant some bulbs each week for several consecutive weeks and they will bloom accordingly, giving you fresh flowers over a longer period. And you will find gladiolus one of the easiest of all flowers to grow.

We priced these glad bulbs low to make new friends, so don't miss this very worthwhile offer.

40 GLAD BULBS
for only \$1.00 PPD.

No. BG575XL

Each Bulb ¾" to 1" Diameter

These are not the real large size bulbs, but neither are they the small bulblets so often offered as a "bargain". These bulbs are ¾" to 1" in diameter—a size large enough to bloom the first year planted. They have been State Inspected, which means that they are clean, healthy, vigorous bulbs. This is an assortment of the world's finest gladiolus varieties—a rainbow of colors in plain and ruffled petalled kinds, at a money-saving price.

80 'Row Run' GLADS
for only \$1.00 PPD.

No. BG574XL

Bargain in Mixed Sizes

We call these "Row Run" because the bulbs are of various sizes, just as they come from the field—big ones, regular-sized ones, medium-sized ones, and small ones.

But no bulblets, no culls. Every bulb is a clean, healthy, vigorous one that will bloom the first year. So, if you will take them "row run", and save us the expense of grading, we'll give you a super-bargain price.

Fastest-Growing Shade Tree in the U.S.A.!

DISEASE-RESISTANT "Green King" HYBRID ELM from Henry Field's

If you want shade in a hurry, yet want a tree that is hard-wooded, Henry Field's "Green King" Hybrid Elm is the tree for you. It grows faster than any other tree in the United States, bar none—even faster than the soft-wooded, short-lived poplar. It evidently is a hybrid (although we do not know the cross), combining beauty and permanence with an extremely rapid growth.

Extra Hardy—Grows Anywhere

Henry Field's "Green King" Hybrid Elm thrives in any normal type soil, and keeps right on growing in weather hot or cold, wet or dry. The leaves are large and dark green; the branches straight and strong, with great resistance to breakage from high winds, ice, and snow.

PRICES:	No. A4235L	Each	Per 2
Large Size	5' to 6' Size	3.98	7.25
"Green King"	6' to 8' Size	4.40	7.98
HYBRID ELM	8' to 10' Size	4.98	9.00

Shipped Express Not Prepaid, Bare-root and Dormant, Pruned for Planting.

NOW! A POTTED HYBRID ELM...

PA4230L—This is a 2 to 3-foot size; ordinarily by fall it will have grown six to eight feet tall. A potted tree suffers less shock in transplanting, and we do not see how you could possibly lose one shipped in this manner—direct from grower to you. Since these are trees in green leaf (not dormant), we ship after there is no danger of frost damage in shipping. 2.98 each, postpaid to your door.

Cyclone A GREAT NEW STRAWBERRY DEVELOPED AT IOWA STATE UNIV. PRODUCTIVE, FRAGRANT, DELICIOUS!

B4106L—We are privileged to be among the first few nurseries offering this brand new June bearing strawberry. It is an origination of Iowa State University, where it formerly was known as No. 1-35. There it first attracted attention for its sugar sweetness and general high quality. In intensive tests covering a period of years, it proved to be early in bearing, very productive, a good plant maker, and it consistently bore large, well-shaped fruit. Most outstanding, however, was the delicious flavor of its fragrant, sweet fruit, superior without exception to the many other varieties in this college testing ground. The freezing tests proved it an exceptionally good freezing berry, also.

In this year's test, Cyclone out-yielded its nearest competitor by more than 50 percent—producing 11,400 pounds per acre.

POSTPAID PRICES: 25 for 2.95; 50 for 4.95; 100 for 7.95.

The above Henry Field "Green King" Hybrid Elm is typical of the thousands now growing throughout the United States. This tree is highly resistant to the serious elm diseases.

17-Year Record of Disease Resistance

Henry Field's "Green King" Hybrid Elm is highly resistant to the serious elm diseases. Many City Park Commissions that have prohibited the planting of vulnerable common elms enthusiastically approve the planting of Henry Field's "Green King" Hybrid Elm.

*"Green King" is a registered trade mark owned by the Henry Field Seed & Nursery Co.

WARNING: Not all hybrid elms are the same; to be sure, get Henry Field's "Green King" Hybrid Elm.

Susan was 10 when this Henry Field Hybrid Elm was planted. When she was 12, the tree was over 25 feet tall!

The Beautiful Sentinel Tree LOMBARDY POPLARS

Quick-Growing 5 to 6 Ft. Size 5 for only \$2.98 No. A2918XL PPD.

OR 2 COLLECTIONS (10 TREES) for only \$5.50 PPD.

Everybody knows and loves this famous, fast-growing pillar tree. It can't be beat as a wind-break, and it makes beautiful backgrounds and borders. It also accents the beauty of shrubs and flowers and lawn. Good too to mark a lot line or as sentinel trees by the gate or along a drive. These 10 trees will make a screen or a tall hedge 60 feet long—for only 5.50!

1 GOLDEN SWEET 1 BLACK TARTARIAN } 2 SWEET CHERRY TREES for only \$3.98 PPD.

A3318L—GOLDEN SWEET. The yellow, sweet cherry that loads the tree with a big crop. Flavor is just as fine as any Bing cherry you ever tasted but, because the fruit is yellow, the birds won't bother it! 2.25 each; 3 for 6.45, postpaid.

A3303L—BLACK TARTARIAN. The best known and most popular of all sweet cherries. Big, purplish-black fruit has a delicious flavor. Grows well in widely different soils and climates. Bears well and regularly and lives for years. Very resistant to brown rot. A garden favorite for over 200 years. 2.25 each; 3 for 6.45, postpaid.

BIG 4 TO 6 FT. SIZE No. A2724XL

Sweet Cherries are the kind to use for desserts, eating fresh, fancy preserving, and making cherry cider.

ALL CHERRY TREES SHIPPED ALREADY PARTIALLY PRUNED FOR PLANTING

1 MONTMORENCY 1 EARLY RICHMOND } 2 "PIE CHERRY" TREES for only \$3.30 PPD.

A3337L—MONTMORENCY. This is the standard by which all cherries are judged. It has big rich-red fruit which always loads down the trees. Juicy but firm, making it ideal for pies or preserves. And good to eat right off the tree. 1.85 each; 3 for 5.40, postpaid.

A3312L—EARLY RICHMOND. Always appreciated because bears first in the spring. Super-hardy and a heavy bearer of shiny red fruit of high quality. Has a delicious flavor. 1.85 each; 3 for 5.40, postpaid.

3 TO 3 1/2 FOOT SIZE No. A2727XL

"Pie Cherries" are the kind to use for making those mouth-watering cherry pies, and are good for preserving too.

USE HANDY ORDER BLANK ON INSIDE BACK COVER

Henry Field's 4 to 6-Foot Size APPLE TREES

A Collection of Fine Varieties 4 for only \$5.39 PPD.

This collection of 4 varieties gives you 1 each of *Jonathan*, one of best winter cooking apples; *Yellow Transparent*, early summer apple; *Wealthy*, a very early-bearing fall apple; *Red Delicious*, one of the best fall and winter eating apples.

A3047L—JONATHAN. A winter apple. Has a world-wide reputation for being one of the very best. Ours is the deep red variety, good for cooking or eating. Keeps well.

A3105L—YELLOW TRANSPARENT. The yellow early summer apple. Excellent for both cooking and eating. Clear yellow, crisp and splendid flavor. Comes into bearing very early and is extremely hardy. One of the earliest ripening of all apples. Usually ready to pick by mid-July.

A3100L—WEALTHY. A fall apple that bears heavily. Ripens in September but is good two weeks before ripe. Indispensable in cold regions and valuable everywhere. Good for backyards and home orchards as tree never gets very large. Stores well.

A3016L—RED DELICIOUS. The improved, early-coloring, big red apple with crisp, fragrant flesh and fine flavor. As tree gets older, the fruit gets bigger. Good market apple but best in your own backyard.

A3064L—MCINTOSH RED. This fine apple bears for years and years. Beautiful large red apples often have darker red blush. Keeps well into the winter, is fragrant and makes mighty good cider and pie. Drouth and cold weather resistant.

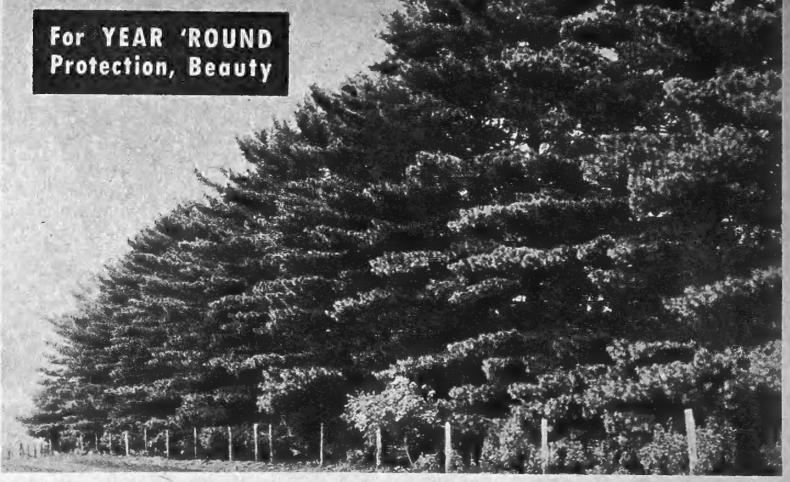

INDIVIDUAL PRICES: 3 to 4-foot size, 1.50 each; 3 for 4.15. 4 to 6-foot size, 1.75 each; 3 for 4.75, postpaid.

Transplanted Windbreak Shelterbelt EVERGREENS

20 Henry Field WINDBREAK EVERGREENS

Make Beautiful Ornamentals As Well

5 Colorado Blue Spruce 5 Black Hills Spruce 10 Red Cedar

No. IN53XL

ALL 20 for only 4 to 6" Grade \$3.10 PPD.

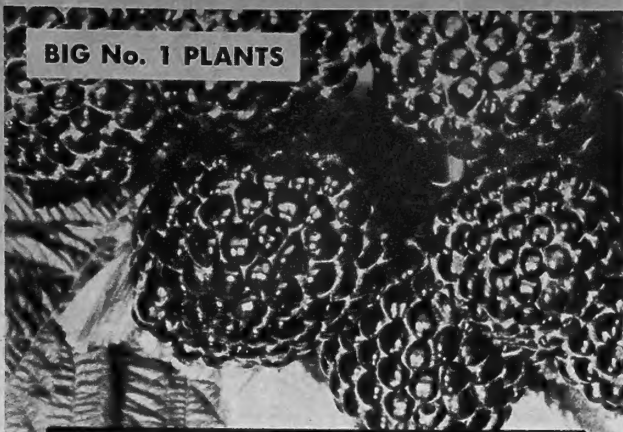

A \$5.19 Catalog Value

These are of a size just right for setting in the field. All are transplants, freshly dug, and have good root systems that have been dipped in mud right after digging to insure their getting to you in good planting condition. Each of these trees grows branches clear to the ground to shut out the cold winter winds. There is nothing that will increase the value of your property more than an evergreen wind-break. Plant 8 to 12 feet apart in the row, rows at least 12 feet apart.

RASPBERRIES

WHY DENY YOURSELF the pleasure of delicious raspberries just because they cost so much at the store? Grow your own—it's fun, it's easy, and it takes only a few square feet of space.

12 BLACK (6 CUMBERLAND) for only \$2.79 PPD. (6 MORRISON) No. A2595XL

A2042L—CUMBERLAND. The standard of all black raspberries. Strong, upright-growing, vigorous plants always loaded with berries. Berries large, firm, fine flavored. Good for home use or shipping. 12 for 2.89; 25 for 5.39; 100 for 16.50, postpaid.

A2050L—MORRISON. This new black raspberry has larger fruit than older strains, better quality, disease-free plants, bigger yields, and top quality berries. 12 for 2.98; 25 for 5.75; 100 for 19.98, ppd.

12 RED (6 INDIAN SUMMER) for only \$3.10 PPD. (6 GIANT LATHAM) No. A2615XL

A2075L—INDIAN SUMMER. Gives you not one, but two, big crops a year. Ripens early. Very high quality. Very hardy, and more disease resistant. It is the "new" better everbearer. 12 for 3.35; 25 for 6.25; 100 for 21.95, postpaid.

A2078L—GIANT LATHAM. Berries are large, dark red and firm. Pick easily and ship well. Extra hardy. A real money maker if you want to raise to sell. 12 for 3.10; 25 for 5.75; 100 for 19.50, postpaid.

New Thornless BOYSENBERRY

6 PLANTS for only \$1.75 PPD.

No. A2031L—Here is the popular Boysenberry in a variety that grows without thorns. Bears as well as the regular Boysenberry. Same high flavor and immense size fruit, but a whole lot easier to pick. Not reliably hardy from Mid-Iowa north. 3 for 1.10; 6 for 1.75; 12 for 2.98; 25 for 5.75; 100 for 19.98, postpaid.

50 ROBINSON } All 100 plants
50 SEN. DUNLAP } for only
No. B4214XL } **\$3.49** PPD.
A MONEY-SAVING OFFER!

These are two of the leading varieties of June bearing strawberries. They will give a full crop of berries each June. Pick them, freeze them, can them, make jelly and jam of them—all in one short period and get it over with. Then you can eat from your supply all year.

ROBINSON is very large, has delicious flavor, and the berries are a bright red color. It is gaining in popularity every year.

SENATOR DUNLAP is the old reliable favorite. It has flavor, quality, good color, and unusual drought resistance.

SAVE!

"20th CENTURY"

The Modern Everbearer

LARGER SIZE, HEAVIER BEARING, HIGHER QUALITY

B4130L—20th Century is an outstanding everbearer recommended highly by experiment stations and strawberry experts. It is superior in size, quality, and vigor to most everbearers. It makes a good plant growth that produces heavily. It has brilliant red berries of fine texture and delightfully aromatic flavor. It bears fruit within 60 days of planting and continues to bear until freezing weather. 25 for 2.95; 50 for 4.95; 100 for 8.95; 200 for 15.98; 500 for 37.50; 1,000 for 55.00, postpaid.

"SURECROP" You'll Like this New One!

A BRAND NEW JUNE BEARER FROM U. S. DEPT. OF AGRICULTURE, BELTSVILLE, MARYLAND

More Productive, Longer Bearing Larger Berries of Higher Quality

B4128L—(Indexed U.S.D.A. Virus-Free). This new June Bearer is from the U. S. Dept. of Agriculture at Beltsville, Maryland. It has everything that both the home gardener and the commercial grower wants in an all-purpose strawberry.

The berries are deep red all the way through, and chock-full of delicious, honey-sweet goodness. The plants bear heavily during all of June, and the berries stay large and firm throughout the picking season.

Surecrop is ideal for shipping, canning, or freezing.

If you want a *tasty* strawberry, one that you will relish because it is so good, plus a vigorous, disease-resistant plant that produces many runners—Surecrop is the one for you. 25 for 2.00; 50 for 3.50; 100 for 5.98; 500 for 24.98; 1,000 for 44.98, postpaid to your door.

P.S. The U.S.D.A. named it "Surecrop" because they felt you would be surer of getting a crop with it, year after year, than with any other June bearing strawberry.

INSIDE BACK COVER

Henry Field's Select, Quick-Bearing DWARF APPLE TREES

**Compact Size and Delicious Flavor Make
These Just Right for Home Gardeners**

Dwarf Fruit Trees are much smaller than regular-sized fruit trees yet their fruit is of full size and top quality. In fact, the dwarf apple trees usually bear larger fruit. And, as a general rule, dwarf fruit trees start bearing sooner—often the second year.

Remember too, that you can plant up to 3 dwarf fruit trees in the same area usually needed by one regular size fruit tree.

The following dwarf apple trees are grown on Malling IX dwarfing root stock. They will grow to 8 to 10 feet tall at maturity.

A3004L—RED DELICIOUS. The very popular sweet red apple.

A3006L—JONATHAN. The red one—crisp and juicy. The favorite of all apples.

A3007L—RED MCINTOSH. Glistening red. To our mind the tastiest eating apple of all.

A3008L—YELLOW TRANSPARENT. This one is extra early and it ripens to an appetizing butter-yellow.

POSTPAID PRICES for three-year, sturdy, 3½ to 5-foot size dwarf apple trees in above varieties: **3.65 each; 3 for 8.95.**

Dwarf Apple Tree Special

A2683XL—1 each of Red Delicious, Jonathan, and Yellow Transparent—all 3 for **8.75, postpaid.**

Gorgeous DOGWOODS

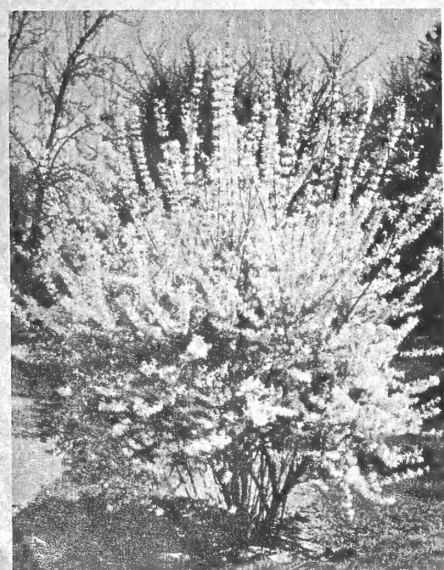

Few trees are as spectacular in so many ways as these gorgeous Dogwoods. In winter, button-like buds appear at tips of greenish twigs. When spring comes these buds burst, forming a petal-like background for the exposed flowers. The foliage in summer shows off its gracefully tapered leaves. And in the fall the trees turn a glorious scarlet, producing small clusters of berries in September or October. Dogwoods grow to about 15 feet high, sometimes taller.

well for all of you. It does well in partial shade, too. The deep pink flowers literally smother the tree in the spring before the leaves come. Root-wrapped, 18" to 24" size, 2.69 each; 2 for 4.98, postpaid. 2 to 3-foot size, 2.98 each; 2 for 5.49, postpaid.

A4215L—PINK FLOWERING. This is a hardy Dogwood (except north of Iowa) that should do

A4216L—WHITE FLOWERING. Same as above except flowers are pure white. 2 to 3-foot size, 1.98 each; 2 for 3.50, ppd.

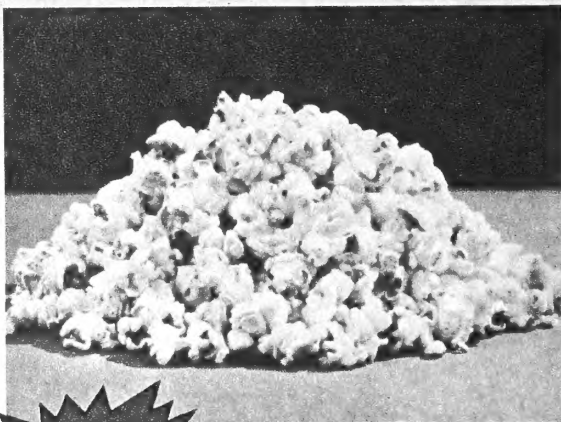

FORSYTHIA "LYNWOOD GOLD"

A1427L—(Golden Bell Lynwood Gold). Probably the most brilliantly colored of all Forsythia. Originated in Ireland; has been a sensation wherever grown in this country.

It is erect, or upright, growing, with branches literally smothered with very large blooms of bright golden yellow. The petals of the flowers have a firm texture, making it an ideal cut flower. This also enables it to withstand adverse weather that ruins the blooms of an ordinary Forsythia.

The plant does grow tall, eventually attaining a height of about 7 feet, but it can be kept down by pruning if you desire a lower shrub. **1.19 each; 2 for 2.19, postpaid.**

**BRAND
NEW!**

Introducing a New, Better POPPING CORN

(not for planting)

"TY 1200" You'll agree this is the Poppin'est, Best Tasting Popcorn You Ever Ate

198L—We are delighted to introduce this new popcorn, not just because it is new but because it is so much better. It pops 35% more by volume, and does it without any fuss or bother, and over a wide range of temperatures in either a skillet or popper. Great bowls full of snow white, hullless popcorn that is sweet, tender, and crisp (never tough). The flavor is absolutely mouth watering.

As of now "Ty 1200" is sold only by Henry Field's. The price is **5 lbs. for 1.70**, and we pay postage on the 5 lbs. to Iowa, Missouri, Nebraska, and Kansas. If you live in another state, please add 5c per pound to cover additional postage. We'll be glad to quote you on larger quantities, up to 1,000 pounds.

Blueberry bushes not only furnish you loads of delicious fruit, but also make fine ornamental plants.

Delicious Hybrid BLUEBERRIES

**You Can Easily Grow These
Productive, Ornamental
Plants in Your Yard**

Blueberry bushes thrive almost anywhere in the U. S. if the soil is sour, or acid. If your soil is sweet, simply add some Aluminum Sulphate when planting. We send enough with each blueberry shipment to last you two years. For a good set of berries, plant three kinds. Set 6 feet apart. The following are 3-year-old plants, 12" to 18" size:

A2029L—BERKELEY. One of the newest varieties, and one of the largest blueberries yet introduced—berries actually run 1" in diameter in commercial plantings in the east. Fruit sweet and fragrant. Makes fine, upright, highly ornamental bush. Ripens midseason. **1.98 each; 3 for 5.50, postpaid.**

A2028L—PEMBERTON. One of the finest of the newer varieties. Outstanding for its vigorous growth and masses of very large berries. Fine, sweet and firm. Ripens midseason. Excellent ornamental shrub. **1.98 each; 3 for 5.50, postpaid.**

A2025L—COVILLE. A new late variety with berries of tremendous size, extending the blueberry bearing season beyond Labor Day in most localities. Berries are tart until fully ripe, so don't pick too soon; flavor then will

Your Home Needs**

EVERGREEN EMERALD EUONYMUS

**These Aristocratic Broad Leaf Evergreens
Are Grown and Shipped to You in Pots**

Several years ago we started offering small evergreens growing in containers of lightweight media, ready to continue growing as you plant them. This system works so well that we now offer some of the finer shrubs in the same manner. Our new method enables us to ship these excellent shrubs to your door by parcel post—postage paid. And it practically eliminates transplanting difficulties.

PA1526L—EUONYMUS EMERALD CHARM (Pat. No. 1079). An evergreen shrub of a narrow, columnar shape. Can be shaped by pruning into a pyramid or column—or planted closely for a narrow hedge. Will grow 4 to 5 feet tall, although it can be easily kept to almost any height by pruning. Spreads to 18 inches and gives you 12 months of rich deep green. **Potted Plants—12" to 15" size, 3.45**

each; 3 for 9.75, postpaid.

PA1527L—EUONYMUS EMERALD PRIDE (Pat. No. 1073). This is a compact evergreen shrub. Makes a fine growth up to 4 feet with a spread of 3½ feet. Can be trimmed to a low pyramid, a low, broad hedge or allowed to develop as a low, broad shrub. Stays a rich, deep evergreen throughout the year. **Potted Plants—12" to 15" size, 3.45 each; 3 for 9.75, ppd.**

PA1528L—EUONYMUS EMERALD CUSHION (Pat. No. 1112). A dwarf evergreen shrub growing about 18 inches high, with a 3-ft. spread. Makes an excellent facing down plant for a shrub border, a very low, broad hedge or a good low evergreen bank binder. **Potted Plants—12" to 15" size, 3.45 each; 3 for 9.75, postpaid.**

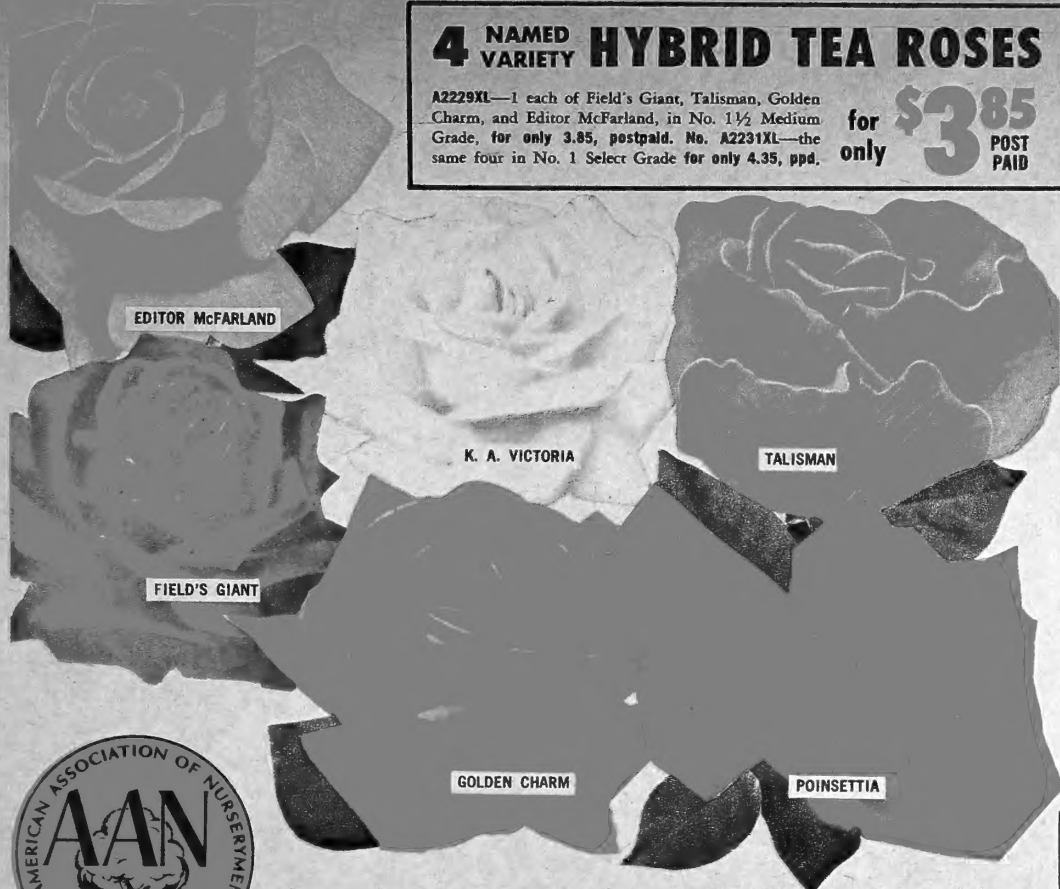

EMERALD CHARM

BUTTERFLY BUSH "Red Glory"

Hundreds of SCARLET ROSES!

2 PAUL'S SCARLET

BIG BARGAIN in a pair of world's MOST POPULAR CLIMBING ROSE!

BOTH for only **\$2.20** No. A2225XL

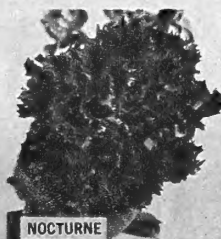

OR 3 COLLECTIONS (6 PLANTS) FOR ONLY 6.25, PPD.

of the hardiest of all climbing roses.

Buy a pair at this money-saving price and plant one on each side of a trellis. Or buy several pairs and plant them at 6-foot intervals along a fence or wall—that makes a sight beautiful to behold.

This is a very good buy in a pair of the most brilliantly colored of all climbing roses. In blooming season, the plants are blanketed from top to bottom with large, double scarlet blooms, almost covering the foliage of dark green, leathery leaves.

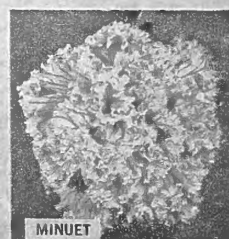

Paul's Scarlet is the most popular of all climbing roses, not only because of its bright beauty, but because, wherever climbing roses do well, Paul's Scarlet thrives. It is one

Double PETUNIAS

With Flowers 3 to 4 Inches Across

FOR HOUSE PLANTS, WINDOW BOXES, PORCH BOXES, POTTED PLANTS, EDGING FOR WALKS & FLOWER BEDS

ALL 6 for 2.29 No. 781XL—1 each of all 6 as pictured here for only 2.29, postpaid to your door.

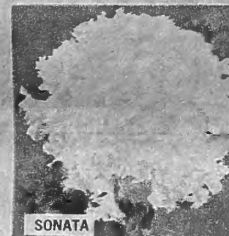

POTTED PLANTS

49¢ each 3 for 1.19, ppd.

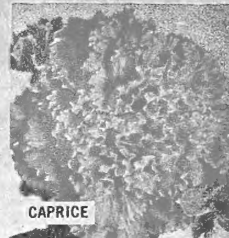

Your friends will marvel at the beauty and size of these new named varieties of Double Petunias. The flowers on all of them are 3 to 4 inches across, and heavily ruffled. Each flower is a blend of different shades of one color, accented by brighter veining.

The plants grow low and broad, rather than upright. They make wonderful house plants, and simply can not be beat for window boxes, porch boxes, edgings along the walk, and in the flower garden. We planted a bed of each color in our trial grounds and they looked beautiful. Needless to say, we picked many bouquets. They do best in sunshine, but practically take care of themselves.

N1082L—NOCTURNE. Rich deep purple.
N1075L—ALLEGRO. Bright, deep salmon.
N1079L—MINUET. Delicate lilac and white.
N1091L—SONATA. Purest white.
N1084L—PRESTO. Soft pink and white.
N1076L—CAPRICE. Bright Rose.

6 OF THE FINEST PATENTED ROSES

Every One A Star Performer

A1291L—PEACE (Pat. #591). Rated highest by American Rose Society. All-America award winner with blooms often 6" across. Everyone's favorite. 2.50 each; 3 for 6.60; 12 for 26.40, postpaid.

A1274L—KORDES PERFECTA (Pat. #1604). Basically cream-white but outer half of each petal is flushed with pink. Heavy bloomer with superb 5" blooms singly, or in clusters. 3.50 each; 3 for 9.20; 12 for 35.70, postpaid.

A1288L—MOJAVE (Pat. #1176). All-America winner. Finest orange-colored hybrid tea rose. A good grower bearing a profusion of large flowers

on long stems. Ideal for cutting. Beautifully tapered buds. Pleasantly fragrant. 2.75 each; 3 for 7.20; 12 for 28.80, postpaid.

A1296L—TWILIGHT (Pat. #1434). Lovely new, pastel lavender-lilac with a light silvery reverse. Outstanding in the garden or in arrangements. Long pointed buds open to fully double flower. Exquisite! 2.75 each; 3 for 7.20; 12 for 28.80, postpaid.

A1285L—MIDNIGHT (Pat. applied for). Darkest red of all hybrid tea roses. Long slender buds; graceful, long-lasting blooms; spice-like fragrance. This is truly your "black" rose. 2.75 each; 3 for 7.20, postpaid.

A1294L—STERLING SILVER (Pat. #1433). Silver with just a hint of lavender. Has a fresh, sweet fragrance as the tight buds open to 4" to 5" blossoms. Lovely! 3.00 each; 3 for 7.95; 12 for 31.80, postpaid.

ALL 6 PATENTED ROSES for only \$14.90 PPD.

A2290XL

Henry Field's Magnificent HARDY LILIES

B5030L—PINK SHOW LILY (Speciosum Rubrum.) Flowers 4 inches across are carmine red on white background, with crimson spots. Hardy, and blooms profusely. 75c each; 3 for 1.89, postpaid.

B5027L—REGAL LILY. America's favorite lily. Large, white flowers tinged with lilac outside, yellow inside. 10 or more blooms per stem. 59c each; 3 for 1.49; 6 for 2.69, postpaid.

B5005L—CORAL LILY (Tenuifolium.) Most brilliantly colored lily. Narrow-leaved, slender-growing plant from Siberia. Each has many flowers of deep scarlet, waxy and recurved. Grows well anywhere. 39c each; 3 for 98c; 5 for 1.39, postpaid.

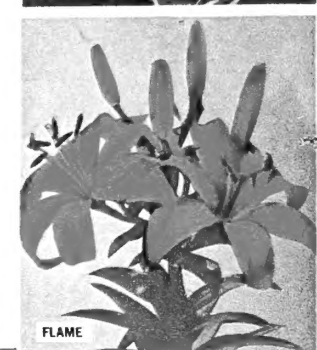

B5004L—GIANT OLYMPIC LILY (Lilium centifolium.) Magnificent, new pure white hybrids. Reach a height of from 6 to 8 feet, topped with clusters of 50 or more blossoms. Shaped like flaring trumpets, the

outside of the petals pink, emerald green, or sometimes brown. Very hardy. 65c each; 3 for 1.65, ppd.

B5011L—FLAME LILY (Red Russian.) One of easiest of all garden lilies to grow. Makes large clusters of blooms. Grows 2 to 3 feet tall. 59c each; 3 for 1.49, postpaid.

HARDY LILY COLLECTION

B3453XL—1 each of all five lilies listed for only 2.39, postpaid.

FLOWERING PEACH TREES

These varieties can be grown anywhere ordinary fruit peaches thrive. They make a brilliant show with their large blooms literally covering the trees in spring. Normally, they grow to 15 or 20 feet at maturity. Classed among the more spectacular of all flowering trees.

A4274L—DOUBLE FLOWERED WEEPING PEACH. Very interesting and attractive weeping peach with large, double, bright red blooms. A beautifully artistic tree, fine for a small yard, and a bright and showy ornamental. 3' to 4' size, 1.98 each, 2 for 3.75; 4' to 6' size, 2.25 each, 2 for 4.19, ppd.

A4280L—DOUBLE SCARLET. Huge double blossoms 2 to 2½ inches across. Occasionally sets fruit that is small but very sweet. 3' to 4' size, 1.75 each, 2 for 2.95; 4' to 6' size, 2.25 each, 2 for 3.95, postpaid.

Flowering Peach trees display large, double flowers—more brilliant in color than either crab apples or cherries.

Beautiful "SUNBURST LOCUST"

A4257L—(Pat. #1313.) Every branch has an 8 to 10 inch tip of bright, golden colored leaves contrasting brilliantly with the bright green of the other foliage. Appears to be in bloom all summer. Needs no special care as it grows well in any soil from coast to coast. Resistant to ice breakage. 4 to 5-foot trees, 4.95, postpaid.

CRIMSON KING MAPLE

A4214L—(Pat. #735.) French hybrid of the crimson-leaved, hardy maple is most showy of all trees in foliage. The young leaves in the spring are fiery crimson, continuing this color until summer when upper sides deepen to a black-red tinted green—undersides green. It's absolutely the reddest of all red maples. Never grows more than about 30 feet tall. 4 to 5-foot size, 4.29 each, express, not prepaid.

EVELYN

MAKIMIK

RED SILVER BLOSSOM AND LEAF

FLOWERING CRAB APPLE

All Flowering Crab Apple Trees Shipped Already Partially Pruned for Planting

POSTPAID PRICES	Each	Per 2
3 to 4-foot.....	1.75	3.40
4 to 6-foot.....	2.25	4.19
5 to 7-foot.....	2.65	4.80

A4294L—EVELYN. Purple-leaved crab with fragrant, bright red blossoms covering the tree in the spring. Mass of deep red crab apples take over in the fall. Resistant to fire blight.

A4290L—MAKIMIK. We think this is the finest pink of all. It makes a medium-sized tree with the fruit 1 inch across, bright red, and fine for jelly.

A4279L—RED SILVER. Gorgeous tree that rivals Japanese cherries in beauty. Bronzy-green foliage suffused with silver, with flowers a showy crimson. Fruit is rich maroon-red (highly ornamental) and unsurpassed for jellies and preserves.

A4236L—HOPA. Most popular. Bright pink, fragrant blossoms. From late summer into freezing weather tree is covered with tiny apples that make tasty jelly.

HOPA

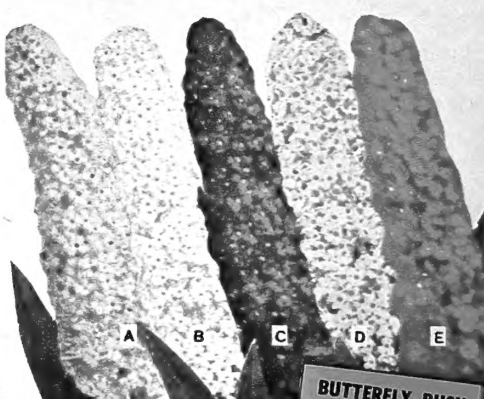

TWO SMALL-GROWING CRABS

A2922XL—1 Makimik and 1 Evelyn, 4' to 6' size—both for only 4.15, postpaid.

A4292L—KATHERINE. (Not pictured) Fine, double-flowered crab that grows to 10 or 15 feet. Grows dense and close to ground if allowed to do so. Spring brings masses of double pink blossoms. Fruit is yellow blushed with red, making good bird feed in winter.

Lythrum long has been recognized as one of the very best, hardiest, and longest lived of all perennials. Now, with these three new varieties from the Morden Experiment Station and Manitoba in Canada, they also have sparkling color. They bloom profusely and continuously all summer long, right up until freezing time. The plants grow nicely upright to a height of three to four feet. They make a larger clump each year, yet do not spread by seed or stolon to become a pest. We ship potted plants when danger of frost damage enroute is past.

NB2132L—MORDEN PINK. The flowers are a rich, deep rose, and the plants are beautifully shaped with clean, dark green leaves that turn bronzed in the fall. 75c each; 3 for 1.90, postpaid.

NB2124L—MORDEN GLEAM. Nearest red of all lythrum. Has bright, gleaming flowers of carmine by the hundreds. The foliage is dark, glossy green, shading to bronze in the fall. 69c each; 3 for 1.80, postpaid.

NB2123L—LYTHRUM DROPMORE PURPLE. Grows about 3 feet high and has flowers of good bright lavender-purple. Flowering season is a little later than the Morden types above. Fine, upright, shapely plant. 69c each; 3 for 1.80, postpaid.

ALL 3 for \$1.85 NB3306XL—1 each of Morden Pink, Morden Gleam and Dropmore Purple—all 3 Lythrum for 1.85, postpaid.

Henry Field's RAINBOW "BORDER" DAHLIAS

6 BULBS for only \$1.00 PPD.

For BEDDING

Or 3 for only 75c, ppd. / Or 12 for only 1.49, ppd.

For BORDERS

For Loads of Delightful Cut Flowers

BG530XL—You need not baby these Rainbow Border Dahlias to reap a rich harvest of bright colors. Just plant the bulbs four to six inches deep in your flower border. Allow 18 inches between the plants. Your border will blaze with brilliant rainbow colors of red, white, yellow, orange and orange-bronze. Blossoms are two to four inches in diameter, some semi-double and others fully double. Plants grow from two to four feet tall.

HENRY FIELD'S
GREEN THUMB

LIQUID PLANT FOOD

Feed Hungry Plants This Easy Way . . .
Liquid Food Soaks Down to Roots
And Starts Nourishing Them at Once

Since Green Thumb was first listed in our catalog several years ago, we have received hundreds of letters from our customers telling us how clean and easy it is to use, and how much good it did their lawn and shrubs, trees, flowers, vegetables and house plants.

It Costs Less

One package of 16 ounces makes 30 gallons of liquid fertilizer. You can't miss either, because directions on the container tell how much to use for various plants, and your lawn. You'll be surprised how little it costs to fertilize with Green Thumb.

Goes to Work Right NOW!

You just mix 1 tablespoonful with a gallon of water and you have liquid plant food—a clear, green liquid—odorless and non-poisonous—and it contains the nutrition growing things need. And, being liquid, it goes directly to the roots so the plants perk up right away.

**No Mess—No Mixing—
No Digging**

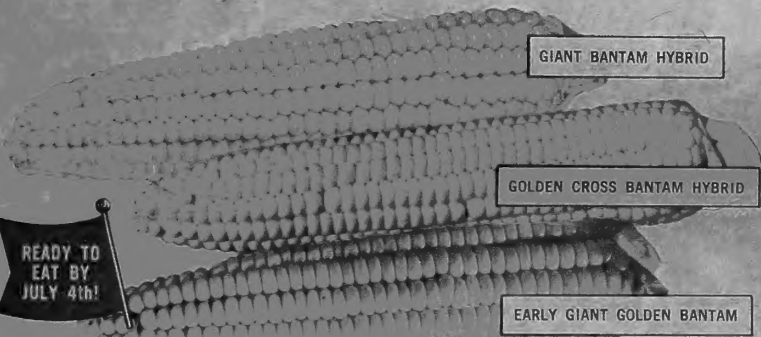

If your plants get hungry and sickly, with yellowish leaves, stunted

1 Tablespoon Green Thumb
Plus Water Makes
1 Gallon of
LIQUID PLANT FOOD

growth, small fruit and colorless flowers, they need food and water and cultivation. Now you can spend hours fertilizing these hungry plants, or you can use Green Thumb and do a good job in a short time. We don't know of anything better for starting newly planted things off right. Performs wonders in all kinds of soil.

GREEN THUMB is composed of important plant nutrients, plus Vitamin B-1. By making it available in a liquid form, it goes immediately to the roots of hungry trees and plants. In just a matter of days, you can see results. No. 4041L—16 ounce package, only 1.30 (makes 30 gallons of liquid plant food); 3 lbs., 3.00 (makes 90 gallons); 5 lbs., 4.50 (makes 150 gallons); 10 lbs., 8.00 (makes 300 gallons). All postpaid.

Our Choice HYBRID SWEET CORN

THESE THREE FAMOUS HYBRIDS ARE
IDEAL FOR BOTH HOME OR
MARKET GARDENERS

Hybrid sweet corn is a great improvement over old open pollinated corn. Our hybrids have uniform maturity, extremely high yields, and disease resistance. Plant almost as soon as you can get them into the ground in spring. A half pound of seed is enough for 100 hills. Use 10 to 12 lbs. per acre. Plant every 10 days 'til mid-July for corn all summer.

FOR CORN EAR WORMS: Use Henry Field's Bug Dust on silks when 1 inch long and at 3 to 5-day intervals until corn is ready to eat.

All of our sweet corn seed is treated with a special chemical that protects seed and stimulates growth of feeder roots; assures better, faster germination, and gives bigger yields.

GIANT BANTAM HYBRID

175L—(75 days) Rather early variety developed especially for the market garden trade. Nearly always has 10 to 12 rows to the ear and the ears are 7 inches long—very uniform, and disease resistant. Finest flavor, and a good canning variety. Triple size pkt. (3 oz.) 20c; ½ lb. 55c; 1 lb. 90c; 3 lbs. 2.00, postpaid.

GOLDEN CROSS BANTAM HYBRID

171L—(85 days) The standard by which all Hybrid Sweet Corn is judged. A big Golden Bantam with 12 to 14 rows of kernels on ears 8 inches long. Fine uniform quality. Strong grower, resistant to smut. Best for freezing. Triple size pkt. (3 oz.) 20c; ½ lb. 50c; 1 lb. 95c; 3 lbs. 2.10, ppd.

EARLY GIANT GOLDEN BANTAM HYBRID

178L—(65 days) Matures by 4th of July. Earliest variety in our trials. Grows short stalks, 4 to 5 feet so plant it close. Stalks grow heavy, and stand up well. Ears 6 to 7 inches long, rich yellow color . . . with long plump kernels. Twelve row variety; 2 ears to stalk. Triple size pkt. (3 oz.) 20c; ½ lb. 55c; 1 lb. 90c; 3 lbs. 2.10, postpaid.

Combination Specials of 3 Hybrid Sweet Corns

Below are three low priced special offers of the best hybrid sweet corns. You get Early Giant Golden Bantam, the earliest; Golden Cross Bantam, standard main crop; Giant Bantam Hybrid, second early. You can save yourself some money by ordering any of these combinations.

Henry Field's New, Improved BUG DUST

New Formula INSECTICIDE-FUNGICIDE
Works 3 WAYS To Insure Safe, Easy Control

AVAILABLE ONLY
AT HENRY FIELD'S

NEW, EFFECTIVE CHEMICALS ADDED

CONTAINS NO DDT!

Three-Way Positive Action

Bug Dust kills insects and fungi three ways. It is a stomach poison, contact poison and a fungicide—all in one product. You don't have to buy three dusts any longer—use Henry Field's Bug Dust.

NEW FORMULA

In addition to rotenone, our Bug Dust contains Diathane Z-78. This new drug helps control early and late blight, anthracnose, rust, downy mildew, gray mold, and leaf spot. Methoxychlor gives effective help in the control of flea beetle, tomato horn worm, Colorado potato beetle, Mexican bean beetle, cabbage worm, cabbage flea beetle, cucumber beetle and many other pests.

SAFE TO USE

You can use Henry Field's Bug Dust on anything in your garden. It will not harm even your most delicate plants. And it can't hurt people, since it is especially designed for consumer safety. But it is certain death to insects and fungi!

IT'S GUARANTEED

We don't claim that our Bug Dust will control every garden pest or every fungus. NO dust can do that. But we say it is the nearest perfect dust we have ever sold. Guaranteed 100% or your money back.

SPECIAL OFFER

4100XL—2 lb. bag of Henry Field's Bug Dust and Standard Duster shown at right—both only 1.95, postpaid.

Postpaid Prices:
No. 4022L—2 lb. 1.29; 5 lbs. 2.75;
10 lbs. 4.98.

2 LBS. BUG DUST
plus handy refillable gun hold-
ing 8 oz. Bug Dust.
BOTH FOR ONLY \$2.19
No. 4102XL PPD.

**METAL DUSTERS IDEAL FOR USE
WITH HENRY FIELD'S BUG DUST!**

LARGE DUSTER

4025L—This big gun holds about 1 lb. Bug Dust. Long extension nozzle included for getting under plants. Gun alone without Bug Dust 2.25, postpaid.

STANDARD DUSTER

4024L—This is the gun we send with Special Offer 4100XL at left. Gun alone, without Bug Dust, 98c, postpaid.

Dust around ant hills, or from where ants are emerging.

Use it to protect house plants against bugs and disease.

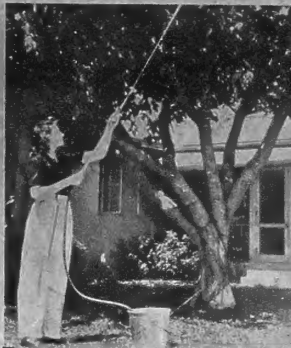

Use in garden. Gets bugs already there; keeps out others.

Dust flowers, shrubs to protect against bugs and disease.

Mix with water for powerful fly spray.

Now You Need Not Mix a Lot of Different Chemicals
ONLY ONE SPRAY DOES THE JOB!

This New Improved Formula Contains:

- CAPTAN, the "wonder fungicide"
- MALATHION, the truly great insecticide and miticide
- METHOXYCHLOR for added insect control

JUST MIX IT WITH WATER, THEN SPRAY PLANTS

The trouble with spraying fruit trees in the past has been that you had to buy a lot of different chemicals and get a spray chart, and then try to figure out what to mix for each different fruit and for each different time of the season.

But with Henry Field's Combination Fruit Spray, you buy just one package and use it for different fruits at various times during the season. It stops almost every disease and insect that bothers fruit trees with no guessing and no fussing around. And when used as directed, it does not harm the trees nor impart an undesirable flavor to the fruit.

PROTECTS ORNAMENTALS TOO

You use Henry Field's Combination Fruit Spray on most ornamental shrubs too. It helps check red spider on evergreens and certain other insects and fungi that attack ornamental shrubs.

HOW MUCH TO ORDER

You use one pound with 12 gallons of water. That's enough to spray three average-size fruit trees five times during the season. Figure about one-half that much for young trees not yet bearing.

GUARANTEE

Henry Field's Combination Fruit Spray will give you satisfaction or we will refund your money. No arguments.

POSTPAID PRICES ON FRUIT SPRAY:

50 Plants "AMOR RIVER" PRIVET HEDGING

The Ideal Trimmed Hedge

Amor River Privet is the most widely used, and most popular, of all trimmed hedges. Not only is it hardy and fast-growing, but the more it is trimmed, the more dense and beautiful it becomes. Its natural, untrimmed habit of growth is bushy, yet upright. The leaves are of a lustrous green color. Its early white flowers are followed by jet black berries.

Plant it two or three feet apart for a tall, trimmed hedge or, with the same planting distance, it could be allowed to

Partially Pruned for Planting

All 50 for only \$5.75
PPD.

No. A1619L

grow naturally and untrimmed to form a screen up to fifteen feet tall. Most people plant it 9 to 12 inches apart for a low, thick hedge. For this it is ideal.

Henry Field's Finest POTATO SEED SETS

—From the Finest Basic Seed Stock in America

You can grow more potatoes, and better potatoes, with these seed sets. First, they come from the finest basic seed stock in America. Next, each set has just the right amount of meat with the eye to insure best germination. Finally, the sets are treated to eliminate surface fungus and to protect them against soil-borne organisms, and to enable you to plant when the ground is still cold.

260L—WHITE COBBLER. The yardstick by which all potatoes are judged. A wonderful variety any way you look at it.

262L—RED PONTIAC. Most popular "red" potato. Early. Yields big. Shallow eyes. Cooks well.

269L—KENNEBEC. New white with great promise. Yields well. Resistant to mosaic and blight. Smooth and widely adapted.

270L—RUSSET BURBANK. Similar to famous Idaho potato. Good all around. Bakes beautifully. Worth a trial anywhere.

263L—CHEROKEE. One of the best whites. Ready to dig a week later than Cobbler, but smoother and more resistant to scab and blight.

POSTPAID PRICES: Box of 100 sets, 1.85; 2 boxes (your choice, alike or different), 3.38; 3 boxes (your choice, alike or different), 4.85; 5 boxes (your choice, alike or different), 7.25.

Henry Field's Outdoor-Grown, State Inspected, Vigorous

TOMATO PLANTS

These are all sturdy, abundantly rooted, vigorous plants. Shipped direct from our Texas grower; safe arrival guaranteed.

HY-X Henry Field's Sensational NEW TOMATO

Its vines grow bushy and compact. Without staking, its fruit are held up, not lying on the ground to ripen unevenly or rot. Produces heavily; very disease resistant. Grows well anywhere, even in semi-arid sections too dry for ordinary tomatoes. Fruits medium size, rich deep scarlet. Do not scald or crack. Quality unusually good.

407L—(67 days) Pkt. 25c; 3 pkts. 50c; 1/2 oz. 1.00; 1 oz. 1.75, ppd.

**Every Plant a Solid
Mass of Flowers**

These are sometimes called the "Plant of a Million Mums" because they often have over 1,000 good-sized, double blooms at one time. You never miss a dozen flowers clipped daily for your table.

These plants grow 2½ feet broad and about 2 feet high, are very hardy, and bloom from late August until frost. They are a beautiful sight planted singly, and a row of them makes a colorful border.

Please note that we are including in this group one of the showy, new brilliant royal purples.

- 1 Double PINK

America's Most Exotic
House Plant

"BIRD OF PARADISE"

N1127L—The blossoms of "Bird of Paradise" (*Strelitzia regina*) are gorgeous flowers 3 to 5 inches long with an unusual shape and striking colors of red, yellow, blue and orange. It looks like an exotic, tropical bird of paradise. The plant gets about two or three feet tall, and continues to make a wider clump. It usually begins to bloom when it has nine or more leaves, and a mature plant has 25 to 30 flowers at one time.

The cut flowers last two to three weeks. Florists prize the blossoms, sell them retail at from \$15.00 to \$25.00 per dozen. Yet this beautiful plant is easy to grow, and lives for many years, constantly increasing in size and beauty. It is sun-loving, but does well in partial shade. A tiny amount of plant fertilizer every two or three weeks is helpful. Because this plant probably is new to you, we send complete cultural directions with each plant.

2.50 each, or 3 for 6.50, postpaid.

SENSATIONAL NEW GLAD

B6361L—This is a most unusual color for a Glad—a yellowish-green—almost chartreuse. Shines brilliantly under artificial lights. The flowers are medium in size, and the plant blooms early to mid-season. For maximum depth of delightful color, cut the spikes when the buds are just beginning to show color, then let them open indoors. 49c each; 3 for 1.25, postpaid. P.S. Supply limited, so orders will be filled on first-come, first-served basis.

PENSTEMON
LAVENDER QUEEN

DOUBLE GOLDEN BUTTERCUP

LIGHT BLUE
DELPHINIUM

Henry Field's "GREEN THUMB" Collection of HARDY PERENNIALS

We call this our "Green Thumb" collection because it is made up of hardy, easy-to-grow perennials that thrive anywhere for anyone and live for years. And they get more beautiful each year. All of these plants list in our catalog for 55c or more apiece:

1 **PENSTEMON "Lavender Queen"**. Fine, hardy, drought-resistant, easy to grow perennial. Silvery green leaves and 3-foot stems of large, tubular, soft lavender blossoms. Worth 59c.

1 **HARDY CARNATION**, Double Pink. Similar to the greenhouse varieties but this carnation grows right in your garden. Rich, spicy, fragrance; blooms all summer. Fine for cut flowers. Worth 55c.

1 **DELPHINIUM "Cliveden Beauty"**. The tall, light blue "hardy larkspur". Spikes two feet long. Worth 55c.

1 **DOUBLE GOLDEN BUTTERCUP**. Makes a low clump of leaves from which arise long stems of golden yellow double buttercups all summer long. Stays in one clump; does not creep out and become a weed. Worth 59c.

B6606XL—For sheer beauty and brilliance of color, no other flower surpasses these begonias. The double blooms are perfect in form, and often grow five to eight inches across. They like shade so are ideal for shaded windows, porch boxes, and shady spots in the garden. Try some on north side of house or garage. Or in borders that run under deep shade of trees. They bloom all summer long, and make stunning cut flowers.

We send you 1¼" to 1½" size bulbs that bloom first summer. They are easy to grow outdoors, or indoors as a potted plant. "How to Grow" directions sent with each order.

HANGING BASKET BEGONIAS

B6416L—Has dozens and dozens of blooms on one plant. Thrives in partial shade, is free-flowering, and easy to grow. Comes in brilliant shades of red, pink, yellow, bronze, and apricot. Wonderful for hanging baskets, shaded porch boxes, on sloping rock garden or rock wall, or in pot on ledge or railing. We send big blooming-size bulbs 1¼" to 1½" in diameter, complete with "how to grow" directions. Mixed colors (our choice): 49c each; 3 for 1.19; 6 for 2.10, ppd.
